The graduating class of 1995 would like to dedicate this yearbook to someone who has shown commitment and dedication. This person inspired many students and faculty by taking on difficult tasks that others would not have even attempted.

This man is not only an ordinary teacher, but also advisor of the National Honor Society, and founder of the "McCann Drama Guild." His hard work and extreme efforts proved positive in one of McCann's biggest productions "Macbeth." His accomplishments as the National Honor Society advisor have been valued for 10 years.

His courageousness and bravery have shined through when he took us as immature freshmen to the Statue of Liberty.

His interests in literature and theatre have inspired many of us. We have been to several theatrical productions in the past four years, that have truly broadened our horizons.

He not only got us out of classes but by being a teacher he has actually taught us too!!

Besides being all of the above he is also a friend. Thank you so much Mr. Flynn.

The McCann Drama Team

This year McCann was involved with Shakespeare & Company to put on the play Macbeth by William Shakespeare. Many students participated and two directors, Anne Halsey Clark and Michael Burnet came together to put on this production. Not only did the student actors, actresses, and technical crew get involved, but many shops and faculty helped out a lot too. While many students were learning lines, others were making swords, putting the stage together, fixing the lights, and going out to the community to raise money to support the production. Many teachers also taught Macbeth to their classes. Many hours of hard work and patience made this all possible. On that note I would like to thank everyone that was involved and supported us.

McCann Cross Country 1994 -1995

The boys' cross country team won its first outright Southern Division championship in the fall of 1994. The team had an overall record of 11 wins and 4 losses and was undefeated (10 - 0) in its division. The team finished in 8th place in Division 2 in the Western Mass championship race.

The team was paced by junior co-captains A.J. Fioriani and Josh Miller, senior Bill Donovan, juniors Aaron Tower and Jason Canales, sophomore Mike Shartrand, and freshman Aaron Beattie. The team's strong supporting cast included junior Kevin Krutak, sophomores Nate Ciara and Josh Mantello, and Freshman Jerel Dydowicz, Chad Richard, Rick LeClair, and James Hartwig.

The girls' team did not have enough members to qualify for league meets. However, senior captain Karen Smith and junior Billie Jo Dydowicz ran individually at meets and between them had many top 15 finishes.

That Smile

The smile that could light up a room filled with darkness.
The smile of innocence and the wonder of youth.
That smile the smile placed so perfectly on a face as sweet as an angel.
That smile it seemed perpetual-like it came from an eternal flame, lit since the beginning of time and placed lovingly by God in the hearts of only the sweetest of children because He knew it would be shared so unselfishly.
That smile..... the smile that now warms our hearts with its memory... and lights up the streets of heaven.

Michael loved bowling, baseball and basketball. He mostly loved being with his friends down at the park. He would play basketball everyday. He was the type of boy that everybody wanted to be with. Where ever Michael would go, the kids wanted to be with him.

He would always stick up for his friends.

His smile, his eyes and his personality, everybody loved.

He was a very loving son. He was a great big brother. He would protect his sister and play with his little brother.

Michael is very special. I miss him so much that the pain is overwhelming. I'll love you always! My #1 son, Michael!

Love,
Mom
